INDENTING... THE NEW BEGINNING

WHY INDENTING?

Faisal Foods is connected with various growers, merchants, traders, importers and exporters around the Globe.

OUR MISSION

Our charter is to utilize our vast experience of Import and Export as an Indentor by providing coordinated leadership to the buyers and sellers globally.

FAISAL FOODS' BROAD LONG-TERM GOALS ARE TO:

- Connect Pakistani Food market in the international market place.
- Develop and maintain existing and new markets.
- Address any weak importers and exporter link with Pakistani Market.
- Provide coordinated leadership and planning.
- Encourage world's best practice throughout the whole industry.
- Ensure a reliable Trade within buyers and Sellers.

Industry support: With having deep connections and Years of trading experience with hundreds of traders we want to fill the industry Gap by performing the Role of "An Indentor ".

Faisal Foods aims to Relaunch its website for a sophisticated communications program, including a high profile website, regular newsletters, and bulletins, ensures that all sectors of the industry are kept informed of current and relevant topics.

COMMUNICATION

- Products + services
- Regional Trades
- Cross-industry relationships
- Government + other peak bodies' liaison
- International liaison
- Food safety + quality issues
- Price updates
- Crops positions etc

Market support: Providing a single voice for the industry in the areas of market access and development both domestically and internationally.

Crop support: Faisal Foods' expert and professional team work in cooperation with the Grains, Pulses, Seeds, Minerals, salt and Guars' Research and Development to develop mutual relations in the Traders worldwide.

OUR TEAM

The support team includes highly qualified agricultural scientists and agronomists who primarily work in the field. These specialists work across geographic and institutional boundaries to coordinate information flow, ensuring that it reaches agronomists and farmers at the earliest possible time. They are also key players in providing information from the field that may influence the varietal development and crop selection for particular regions. Faisal Foods also works with farmers, merchants and state government departments of agriculture to make a smooth flow of trade worldwide.

**OUR ACTUAL EARNINGS ARE
SATISFACTION OF OUR CUSTOMERS**
